

Alliance Essentials Kit

A cost effective connectivity to SWIFT in just one click

*The Kit for customers
opting for a shared
infrastructure*

The Alliance Kits provide you with a competitive and easy solution to do business over SWIFT. Designed for customers sending or receiving less than 1,000 messages per day, Kits contain all the SWIFT elements you require to start using SWIFTNet at a very compelling price.

The Alliance Essentials Kit is specifically designed for customers opting for a shared infrastructure model and outsourcing their operations to a third party.

Ⓐ Alliance Essentials Kit: key benefits and features

The Alliance Essentials Kits offers the fundamental elements you need to connect to SWIFTNet at a minimal cost, namely

- your Bank Identifier Code (BIC) annual registration
- access to online reference data and documentation
- the FIN messaging service registration

Key benefits

The indispensable SWIFT elements you need when connecting via a shared infrastructure

The Alliance Essentials Kit bundles the fundamental components you need to connect to SWIFTNet, and to use SWIFT messaging services. The Kit includes the subscription to the FIN messaging service, and allows you to subscribe to other InterAct, FileAct, and Browse-based services that can be provided a third party.

Cost effective

Alliance Essentials Kit is cost-effective, as the price you pay is lower than the sum of the individual elements contained within.

Flexible: evolve with your business needs

The Alliance Essentials Kit is sized for a traffic of up to a 1,000 messages per day. Should your needs evolve, you can easily convert your Kit without losing your initial investment.

Key features

One stop shop: simple ordering and invoicing

Ordering is very simple: you complete one order form and you receive all the relevant components in one go. Alliance Essentials Kit is invoiced as a single package, making it easy for you to reconcile.

Access to reference data and user documentation

The Alliance Essentials Kit grants you access to the Online Directories and to the SWIFT User Handbook.

The Online Directories provide you with reliable and up-to-date reference data, helping you improve your transaction processing and routing, and thus your straight-through processing rate.

The SWIFT User Handbook contains the detailed documentation relative to the usage of the different SWIFT products and messaging services.

Ordering and pricing

The Alliance Essentials Kit pricing fee consists of:

- a one-time fee 1,275 EUR
- an annual maintenance fee of 2,400 EUR

For further details about pricing, see the Alliance Essentials Kits page on swift.com or contact your SWIFT account manager.
