

# Welcome to ISO 20022

A single standardisation approach (methodology, process, repository) to be used by all financial standards initiatives. Provides a foundation for efficient communication between industry players

## ISO 20022 Content

Facilitates communication between business partners as well as internal enterprise communication

- Business model and data dictionary
- Catalogue of messages covers all financial business areas:
  - 20 business areas
  - 365 registered ISO 20022 messages (since 2004)
  - More than 25 submitting organisations (since 2004)

## ISO 20022 Registration Authority (RA)

- Safeguards the quality of the Financial Repository
- Ensures compliance to the standard
- Maintains the ISO 20022 website ([www.iso20022.org](http://www.iso20022.org))

Additional actors include the Registration Management Group (RMG), the Standards Evaluation Groups (SEGs) and the Technical Support Group (TSG).

## Key Benefits

### Open standard

Open to everyone, not controlled by a single interest

### End-to-end automation

Single standard covering all business domains and end-to-end processes

### Global standard to meet local needs

A rich, structured standard that supports the definition of formal market practice

### Modern and future-proof technology

- Uses modern, well-supported technology (XML) that facilitates efficient integration
- Adaptable to new technologies as they emerge

### ISO 20022 means business & facilitates new services

Covers new flows, functionalities, business segments, regulatory requirements and structured data

## ISO 20022 is taking off around the world

Close to 200 initiatives under discussion, planned or live  
Majority are driven by market infrastructures which adopt ISO 20022 to:

- Comply with regulation that mandates ISO 20022;
- Renew legacy technology;
- Improve market efficiency and reduce cost;
- Facilitate regional integration or internationalise domestic services;
- Harmonise legacy domestic standards;
- Realise efficient end-to-end business processes.

Initiatives per region:

Initiatives across business areas:
