

Alliance Lite - payments and reporting for corporates

*SWIFT Training
Our knowledge,
your solution.*

You will learn how to

- Create and process payments messages using the Alliance Lite interface
- Create reports to display cash reporting messages

Alliance Lite is a connectivity product, which supports the manual entry and display of messages through a standard internet browser. It also supports the integration with business applications through the AutoClient, a lightweight integration software. This session focuses on the day-to-day activities that corporates will perform with Alliance Lite.

Audience

Corporate users of Alliance Lite who create payment messages and receive cash reporting messages.

Duration

Web class: 3 hours

On-site training: as per your requirements
