**Note:** A Message User Group (MUG), for the purposes of this book, is a group of users who have voluntarily agreed to support the specified message type and have registered with SWIFT to send or receive the specified message type. These messages are indicated in the preceding table in the column MUG.

Registration is free of charge. To register to use one or more message types, submit a registration request ([Order Message User Group](https://www.swift.com/ordersupport) > Ordering > Order Products and Services > Message User Group (MUG)). To withdraw from a MUG, use the [Terminate your MUG subscription](https://www.swift.com/ordersupport) request. These forms are available at [www.swift.com](https://www.swift.com) > Ordering & Support > Ordering > Terminate and deactivate > Message User Group (MUG).

To get the list of other members of a particular MUG, send an MT 999 to the Customer Implementation team (SWHQBEBBBCOS).
MT 760 Issue of a Demand Guarantee/Standby Letter of Credit

MT 760 Scope

This message is sent in one of three ways:

- by the party that issues or advises the issue of an undertaking (demand guarantee or standby letter of credit) to the beneficiary, when the beneficiary is a financial institution, or to the party designated to advise the undertaking to the beneficiary or to another advising party
- by the party that issues a counter-undertaking (counter-guarantee or counter-standby) to the party that is requested to issue a local undertaking to the beneficiary, either directly or via an advising party
- by the party that issues a counter counter-undertaking (counter-guarantee or counter-standby) to the party that is requested to issue another counter-undertaking to a party that is requested to issue a local undertaking to the beneficiary, either directly or via an advising party

Unless otherwise specified, an independent undertaking issued or advised to the beneficiary or advised to another advising bank based on a SWIFT message constitutes an operative instrument.
