# 1 How to subscribe to NPS services as a Financial Institution?

Main steps to join to the Banque du Liban dedicated page.

- Go to SWIFT Web page [www.swift.com](http://www.swift.com)
- From main page select option « Order products and services » in the « Ordering » drop down menu

The screenshot shows the SWIFT website home page. The 'Ordering' menu is expanded, showing options like 'Join SWIFT', 'Ordering', 'Order tracking', and 'Manage'. The 'Order products and services' link is highlighted under the 'Ordering' section. The page also features a 'Customer login' section and a 'The SWIFT Community' section with links to Customers, Business areas, Partners, and Applications.

- In the “Order products and services” page, please select the option “ Banque du Liban ”

The screenshot shows the 'Order products and services' page on the SWIFT website. The page has a header with the SWIFT logo and navigation links. The main content area is titled 'Order products and services' and includes a sub-header 'This section allows you to order SWIFT products or services , please use the order forms provided on this page.' Below this, there is a list of products and services, with 'Banque du Liban' highlighted. The page also features a sidebar with links to 'Ordering', 'Join SWIFT', and other services.

- d) Now you can see an overview of all services being part of the NPS solution put in place by Banque du Liban.

As Financial institution you have to register to the **RTGS**, **CLEAR** and **Browse** Services.

**Don't forget that you have to joint test and live separately.**

## 5.2 Install required ASP – Service Parameter File

### Procedure for Alliance Access and Alliance Entry

#### To install a value-added service parameter file:

1. Start the Alliance Access servers in housekeeping mode.
2. Run the SWIFT Support application.
3. From the **Value-Added Service** menu, select **Install**.

The **Install Value-Added Service** window appears.

4. In the **Application Service Profile Package** field, enter the location and name of the file (ZIP file) that contains the FIN Copy Profile to be installed (or use the browse button ( ... ) to locate it). If the file is not located on the current drive, then enter the drive name first.

***For more information, see "Managing Application Service Profiles" in the Installation and Administration Guide.***

5. Click **Continue** .

The following values are displayed for the FIN Copy profiles:

- Name: 3-character code of the FIN Copy profile
- Central Institution: the BIC8 of the Central Institution
- Live: Indicates that the FIN Copy profile is live.
- Environment: the environment to which the FIN Copy profile refers (Production or ITB)
