About SWIFT

SWIFT is a member-owned cooperative that provides the communications platform, products and services to connect more than 10,500 banking organisations, securities institutions and corporate customers in 215 countries and territories. SWIFT enables its users to exchange automated, standardised financial information securely and reliably, thereby lowering costs, reducing operational risk and eliminating operational inefficiencies. SWIFT also brings the financial community together to work collaboratively to shape market practice, define standards and debate issues of mutual interest.
