Be SWIFT Smart.

## WHAT'S NEW

### Monitoring your intraday liquidity with SWIFT

Are you familiar with the BCBS (Basel Committee for Banking Supervision) monitoring tools for intraday liquidity management? Join this web class and get a clear understanding about the data requirements related to the new tools, your typical challenges and how to leverage SWIFT's portfolio of messages, services and tools that are already in place in your organisation. >>

### Prepare your 2015 career development plan

Based on your professional objectives for 2015, you might want to enrol for training on SWIFT: expand your area or expertise, learn about new evolutions in the financial industry or become more proficient in your current job. Browse through the SWIFT Training website to discover the 2015 classroom schedule and other learning options. >>

### Thanks for your feedback!

We just closed the survey we launched requesting your feedback on learning needs and

## SWIFT Explained - Customer Support launches 'How to' videos

Discover the new 'How to' videos in the Support Knowledge Base to help you solve your operational issues faster. The 2-3 minute clips providing you with step-by-step instructions are always accessible and can be replayed as much as you want. Instead of having to read through the written instructions or call the SWIFT Support Centre, you get the solution to your problem at your fingertips.

## About us

Contact our team of experts to find the right training for your needs, by sending us an e-mail at [swift.training@swift.com](mailto:swift.training@swift.com) or visit our website [www.swift.com/training](http://www.swift.com/training).

## About SWIFT

SWIFT is a member-owned cooperative that provides the communications platform, products and services to connect more than 10,500 banking organisations, securities institutions and corporate customers in 215 countries and territories. SWIFT enables its users to exchange automated, standardised financial information securely and reliably, thereby lowering costs, reducing operational risk and eliminating operational inefficiencies. SWIFT also brings the financial community together to work collaboratively to shape market practice, define standards and debate issues of mutual interest. Visit [www.swift.com](http://www.swift.com) to learn more about SWIFT.
