TRAINING NEWS

ISSUE 1 - MARCH 2016

WHAT'S NEW

Introducing SWIFTSmart

We are pleased to announce that the soon to be launched eLearning platform will be branded under the name "SWIFTSmart" which links perfectly with our previous "Be smart" campaigns about Services. SWIFTSmart greatly contributes to our 2020 vision towards integrated Knowledge Management. The platform will administrate, document, track, report and deliver a full catalogue of digital courses (without cutting customer intimacy (through socialisation features such as chat, discussion forum, evaluations etc.). >>

Register for Training Bootcamps

We are excited to introduce you to a series of bootcamps aiming at multidisciplinary coaching via theoretical sessions, games and providing practical best practice advice. You can now register for workshops such as: (1) **Security Bootcamp** to shed light on the security-related roles and responsibilities and help institutions to trigger the right questions internally to ensure security is managed in the best way possible; (2) **MMRR Bootcamp** to better understand the ISO 20022 messaging standard, how this facilitates the consistency of reporting across MMSR and SMMD messages, as well as the regulatory implications; and (3) **ISO 20022 for Corporates** to improve your understanding on how to implement ISO 20022 messages in low-value payments, such as salary payments. >>

SWIFTSmart
New eLearning experience

In May 2016, the SWIFTSmart platform will open to customers with a controlled ramp-up continuing throughout 2016. The idea is to operate the e-learning transformation together, starting from a basic environment (about 20 modules) at the launch and building SWIFTSmart towards a robust platform. The full portfolio is expected to be available by 2017.

We will be present at regional events in 2016 to demo the new eLearning experience and allow users to get accustomed to using the channel. The 2016 SWIFT calendar kicked off in March with a business forum in Malaysia, followed by the Nordics regional conference in Oslo Norway and the Premium Services Forum in New York. During Q2, we will also participate at the following events:

- SWIFT Business Forum, Philippines (April, 7)
- SWIFT Business Forum, Canada (April, 13)
- SWIFT Business Forum, UK (April, 20)
- SWIFT Open Day, Thailand (April, 26)
- SWIFT African Regional Conference, Mauritius (May, 11)
- SWIFT India & Subcontinent Regional Conference (June, 2)
- SWIFT Open Day Korea, South Korea (June, 14)
- SWIFT Latin American Regional Conference, Mexico (June, 28)

About SWIFT

SWIFT is a member-owned cooperative that provides the communications platform, products and services to connect more than 10,500 banking organisations, securities institutions and corporate customers in 215 countries and territories. SWIFT enables its users to exchange automated, standardised financial information securely and reliably, thereby lowering costs, reducing operational risk and eliminating operational inefficiencies. SWIFT also brings the financial community together to work collaboratively to shape market practice, define standards and debate issues of mutual interest. Visit www.swift.com to learn more about SWIFT.
