MEETING SUMMARY
HVPS+ Meeting #003

Thursday, 14 March 2024

#	Item	Description	Outcome
1.	**Administrative matters**	The meeting was quorate with 13 Market Infrastructures (MIs) represented.	Noted
2.	**For Noting**	Members noted updates on Revisions Taskforce activities, establishment of the Change Management Working Group (CMWG), the in-person workshop, and comms activities.	Noted
3.	**PMPG Update**	Due to timing and logistics, this item could not be covered in the meeting.	N/A
4.	**CBPR+ Update**	Members noted the update on CBPR+ activities, discussed potential future base message upgrades and general cross-group alignment on changes.	Noted
5.	**Swift IAP**	Members noted the update from Swift on the development of their ISO Accelerator Pack (IAP).	Noted
6.	**MyStandards Taskforce** **6.1** Updates **6.2** Recommendations	Members noted the update on MyStandards Taskforce activities. Members considered and approved all recommendations of the Taskforce, all related to the set-up and use of the HVPS+ Group on MyStandards.	Noted Approved.
7.	**MI Implementation Workshop**	Members agreed to schedule an MI Implementation Workshop, a knowledge-sharing event for MIs developing and implementing their respective UG2025 collections in November 2025. Members agreed to host the Workshop in Q2 2024.	Approved
8.	**Interoperability Charter** **8.1** Updates **8.2** Call to Action	Members noted the update on MIs declaring support and industry groups providing endorsements. HVPS+ Members were asked to declare their support for the objectives and principles of the Charter (if not already done so) and consider issuing a media release noting support for the Charter.	Noted Noted

#	Item	Description	Outcome
9.	**UG2025 Advance Draft** **9.1** Updates **9.2** Hybrid Address **9.3** Next Steps	Members noted the feedback received on the UG2025 Advance Draft collection.	Noted
		HVPS+ Members considered the use of formal rules vs. textual rules to support the implementation of Hybrid Address in UG2025 and noted that CBPR+ will implement Hybrid Address using formal rules.	Noted
		Members agreed to use textual rules in the HVPS+ UG2025 template collection, noting that MIs were welcome to implement formal rules (in alignment with CBPR+), if preferred.	Approved
		Members agreed to postpone the development of the HVPS+ UG2025 Advance Draft collection, and instead publish a full technical articulation of how Hybrid Address will be implementing in UG2025. The next planned draft of the HVPS+ UG2025 collection remains scheduled for December 2024, in accordance with the HVPS+ Change Management framework.	Approved
10.	**Next Steps & AOB**	HVPS+ will next meet on Thursday, 27 June 2024.	Noted
