Your shareholder resources

AGM tool

Your online platform for participating and voting in Swift's AGM. **We'll send you new credentials once the AGM tool is open.**

Statement of shareholding

Retrieve an excerpt of the share register, indicating the number of shares you own, as well as the total number of shares issued.

[Access now](#)

Share reallocation

Use this tool to retrieve previous share reallocation letters dating back to 2009, and to consult new reallocation estimates.

Getting started

1. Log in to Swift.com

To start, log into your MySwift account using your business email and password. You might need to complete a two-factor verification.

If you don't yet have an account, it's easy to create one. Just fill in your key details, including your name, phone number and email address. Your institution's Swift administrator will need to approve your application. We'll notify you by email once it's done.

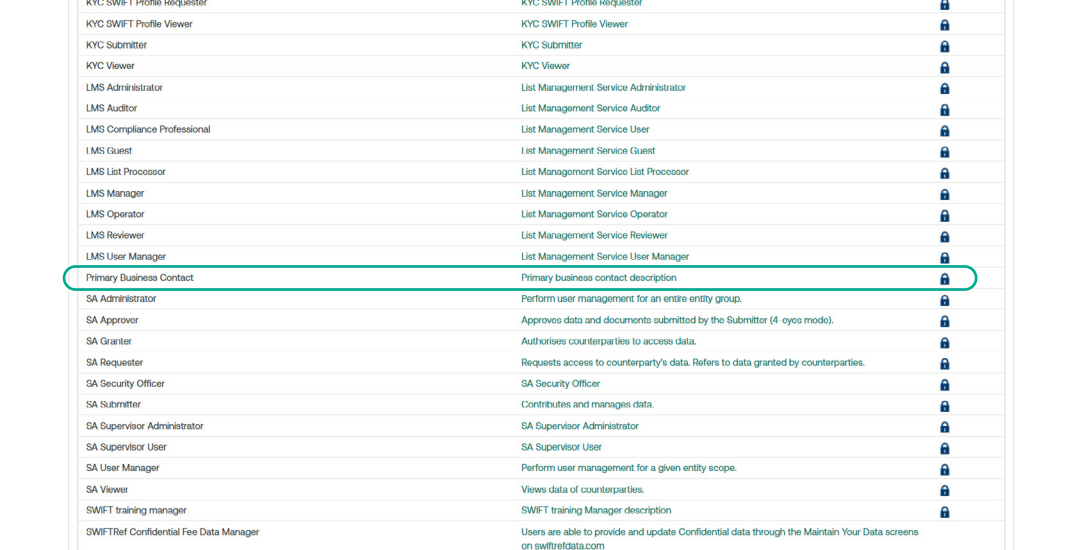

2. Update your profile role

Once your account has been activated, your administrator will need to make you a Primary Business Contact. This will automatically give you access to our shareholder tools (see point three below).

You can ask them to make this change directly or submit the request through MySwift. To do so, find the Primary Business Contact role in [this list](#) and click edit.

Please note that we cannot make this change for you and only one Primary Business Contact can be registered by institution. See Step 3 below for additional access.

| SWIFTRef Confidential Fee Data Manager | Users are able to provide and update Confidential data through the Maintain Your Data screens on swiftrfd.com | 🔒 |

Don't know who your institution's Swift administrator is?

Use this [search function](#) to find out. Just change the 'email address' field to 'contact roles' and Swift.com administrator should appear in the last drop-down box.

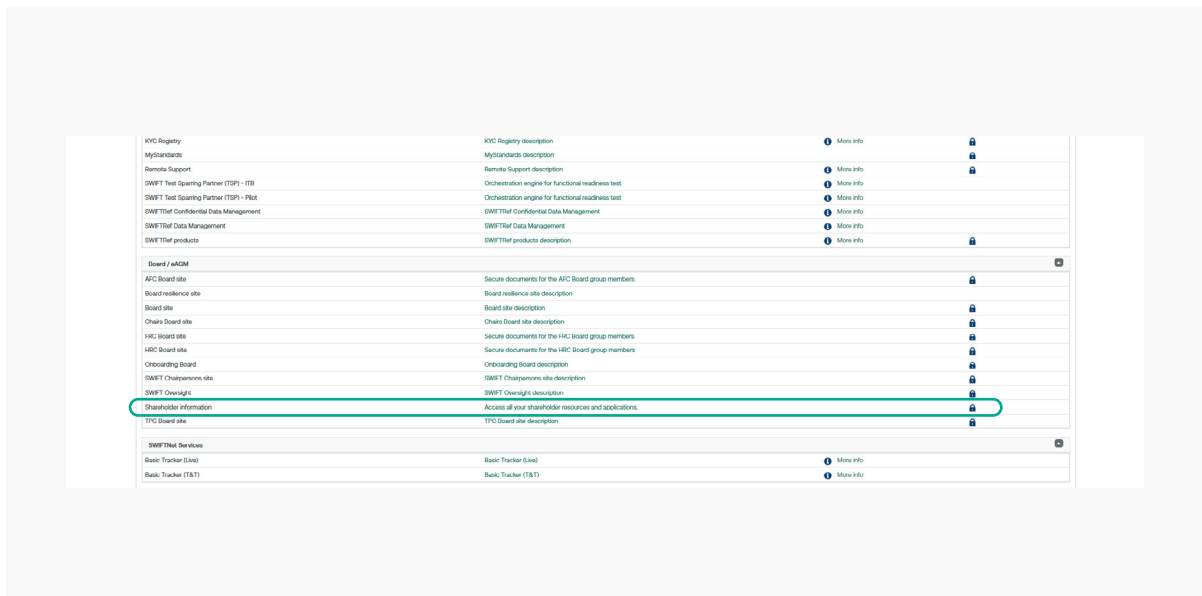

The screenshot shows the 'Search Users' interface in the Swift Identity Management system. At the top, it says 'Swift Identity Management' and 'Dan Howarth SWHQEED'. Below that, it indicates the user is logged in as 'dan.howarth@swift.com for (SWHQEED) SOCIETY FOR WORLDWIDE INTERBANK'. The navigation menu includes 'Profiles', 'Personal Info', 'Search Users', 'mySWIFT', and 'Online Help'. The 'Search Users' section has a search icon and the title 'Search Users'. The search criteria are set to 'Contact Roles' (dropdown), 'Equal' (operator dropdown), and 'swift.com administrator' (text input dropdown). There is an 'Add' button with a green checkmark, a 'Reset' button, and a 'Search' button. A 'Help ?' link is also visible.

3. Request access to shareholder tools

Unless you are already the Primary Business Contact, to gain access to the shareholder tools, follow this link and tick the box next to ‘Shareholder information’.

Once your administrator has approved your request, the shareholder tools will be available from your applications menu and the AGM tool via this page.

Still have questions?

If you still have questions, please contact [support](#) or get in touch with your account manager.
