Standards MT UHB Summary of Changes – 18 July 2025

Standards release 2025

Category 1-n Message Reference Guides

The Category 1, 2, 3, 5, and 6 Commodities Message Reference Guides have been updated to include the Standards release 2025 changes. Categories 4, 6 Reference Data, 7, 8, 9, and n have not been impacted by this Standards release.
Every year, Standards applies enhancements to its documentation to improve quality and to ensure consistency throughout the Standards MT Message Reference Guides. These changes are controlled to ensure that they have no impact on FIN validation.

Category 3 Message Usage Guidelines

The Category 3 Message Usage Guidelines book has been updated to include modifications to existing examples.

Category 5 Message Usage Guidelines

There are no significant changes to the Category 5 Message Usage Guidelines book. This document has been republished as part of the Standards release 2025 documentation set.

General Information

There are no significant changes to the MT General Information book. This document has been republished as part of the Standards release 2025 documentation set.

Usage Guidelines

The MT Usage Guidelines book has been updated to modify images.

General Field Definitions Plus

The General Field Definitions Plus (which provides an index of messages, fields, qualifiers, codes, definitions, and error codes for the Standards MT messages) has been updated to include the Standards release 2025 changes.
